OF INTEREST TO ALL VOTERS OF NYE COUNTY

PLATFORM ADOPTED BY REPUBLICANS SHOULD BE READ
BY ALL VOTERS

The platform of the republican candidates of Nye county as drafted several weeks ago, should be carefully read by all voters of this county. It contains for the first time, especially that part pledging the republican candidates to labor for certain measures. For the benefit of those who have not read the platform it is reproduced herewith in full:

The republican candidates of Nye county assembled in convention, pursuant to the provisions of the primary law, offer no program that is not bulwarked with performances; makes no promises but what are for the interest of the tax payers and property owners of this county.

The past four years of republican rule in this nation has been such that we again give our hearty endorsement to the platform and candidates presented by the national republican convention. Never has the country been confronted with such problems and situations as have arisen during the last four years, and never have such problems been handled with such skill and courage. President Taft has demonstrated his fitness for the office he now holds, and for which he is a candidate for reelection, and though assailed by agitators and decried by theorists, the condition of the United States today is a tribute to his performance of every duty demanded.

The state republican platform and candidates likewise receive our unanimous endorsement.

Retrenchment in State Offices

We pledge our legislative candidates to the enactment of a measure reducing the expense of the state government to conform with the revenues of the state and prevent the further issuance of bonds to meet the deficit in the general fund.

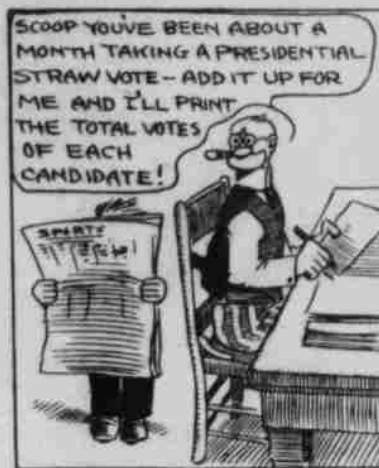

The State Bank Receivership

We pledge our legislative candidates to secure an investigation into the affairs of the long defunct State Bank and Trust company. There are hundreds of people in Nye county who lost their savings in this institution and who are not able to secure a proper report showing the

Republican national, state, county and township officers who are deserving of the support of the Nye county voters.

have met with silence on the assets of the bank. Repeated requests of the receiver in charge and a pledge our legislative candidates to work for the passage of a resolution through both houses of the legislature, securing the appointment of a committee to conduct a public investigation of the affairs of the bank.

Good Roads

We pledge our county and legislative candidates to adopt every means whereby the roads of this county will be repaired and new thoroughfares constructed. We recognize that good roads mean that hundreds of tourists will pass through our county, and within the next few years thousands of motor driven machines will cross the continent. It is within the power of southern Nevada to provide a feasible route for the travelers, and we pledge all our candidates to secure the enactment of a proper measure that will insure the construction of a

transcontinental route through Nye county.

Primary Election Law

We pledge our legislative candidates to the enactment of sweeping amendments to the present primary law, which in its self is nothing short of farcical. We favor such amendments that will prohibit voters from "locking from one standard to another without a declaration of their political faith. We believe in the sanctity of the ballot and urge that secrecy be continued, but are opposed to the present construction of the primary law that allows fraud being perpetrated.

Free Text Books

We pledge our legislative candidates to labor for the passage of a measure providing for the furnishing of free text books by the state to the pupils attending our public schools.

AMALGAMATED'S RICH MILL RUN

RETURNS OF \$30 AND \$40 FROM
 A TEST OF 150
 TONS

Special to the Bonanza

MANHATTAN, Nov. 2.—A milling of 125 to 150 tons of rich ore was run this week at the Associated mill for the Manhattan Amalgamated Mining company. The value of the ore is between \$30 and \$40.

This includes the rich stuff that was stoped several weeks ago when the bucket samples averaged from \$1 to \$700 a ton, together with considerable of a lower grade and probably \$20 or less. That the general average is close to \$40 is very gratifying to the management of Walter Wilson.

Stoping from the 150-foot level is still in progress and splendid milling ore is being hoisted therefrom. Mr. Wilson samples it very closely and the values indicated for a width of three feet are from \$40 to \$60. Wednesday for a width of four feet the samplings went \$60.

This stope is showing up better in every way as work progresses. The width of the ore is greater and its values require no apology. They are as good as any mine in the camp at present.

The work will be continued in a manner to stop out the rich stuff that had to be abandoned on account of caving ground when the richer ore was found in the stope from the 100. All of it will reach the mill in due course, which will not be long hence.

The company has been exceedingly fortunate in keeping its treasury fat for steady operations. It started with a phenomenal sale of stock, which was made possible by reason of the degree of confidence which the Forman management commanded, and since then under the careful superintendency of Mr. Wilson the millings from the company work have kept the treasury in an improving condition.

While other work is going on a raise is going up from the 212 level,

which shows improving values and a good promise of excellent stoping ground in that region.

The purchase of that portion of the Kendall-Douglass lease which covered the Amalgamated ground proved to be a ten-strike on the part of the company, for that is where all the good ore is coming from.

WAGES ADVANCED

LEBANON, Pa., Nov. 2.—One thousand men employed in the mill departments of the American Iron and Steel Manufacturing company are affected by a notice today of an advance in wages on the basis of \$4.75 a ton for puddlers.

RAILROAD MAGNATE DEAD

FREDERICK, Md., Nov. 2.—Horace Clark, for 29 years prominent in western railroad management, died here today at the age of 58, after a long illness. Mr. Clarke resigned from the vice presidency of the Denver & Rio Grande in 1911 because of a nervous breakdown and came to Frederick, his former home.

Col. Roosevelt Received \$1 A Word For His African Hunting Stories

That was a high rate to pay even a very distinguished author. But—to a limited extent—you may earn a higher rate of compensation than that for your own writing.

If, for example, you write a 10-word "situation wanted" ad for the Bonanza, and it finds you a position paying \$500 a year more than you've been earning—how much "per word" have you earned as an "author?"

Or, suppose that a 10-word "help wanted" ad would secure an employe for you, whose services would be worth twice as much as you'll pay in salary or wages, wouldn't "writing" of that sort stamp you as a high-priced author?

In writing ads that will sell your real estate to the right buyers—or any property which you want to sell to the people to whom it will be worth most—you may earn, with your pen, a far higher rate than \$1 per word.

---how much Is A "Regular Customer" Worth to Your Store?

Suppose you could BUY 100 additional REGULAR CUSTOMERS during the next week or two—customers who, for years and years to come, would make a MAJORITY of their purchases of goods in your line at YOUR STORE?

What would each of these 100 customers be WORTH to you?

It is, we think, quite likely that if such an investment were possible, you'd eagerly pay TWICE AS MUCH as it would cost you to secure these 100 REGULAR CUSTOMERS through an advertising campaign big enough and aggressive enough to really make people ACQUAINTED with your store!
